Workshop:
Let's design the Eel Governance Platform
What do we need?

Antonio García Allut -
Fundación Lonxanet

OBJECTIVES

GT7: Intergovernmental and intersectoral dialogue

Strengthen the cooperation of the actors involved.

GT8: Governance Platform

Structure, composition and functions of the Eel Governance Platform.

- Stakeholder Map
- Tools: participatory methodologies and constructive dialogue

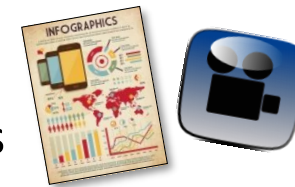

WHAT THE GT7 AND GT8 DO...

GT7: Intergovernmental and intersectoral dialogue

ACTIVITY 7.1: Strategic communication for awareness

ACTIVITY 7.2: Tools for improving dialogue

ACTIVITY 7.3: Transfer of the Action Plan for Good Practices

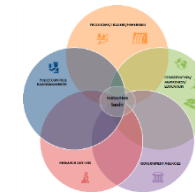

GT8: Governance Platform

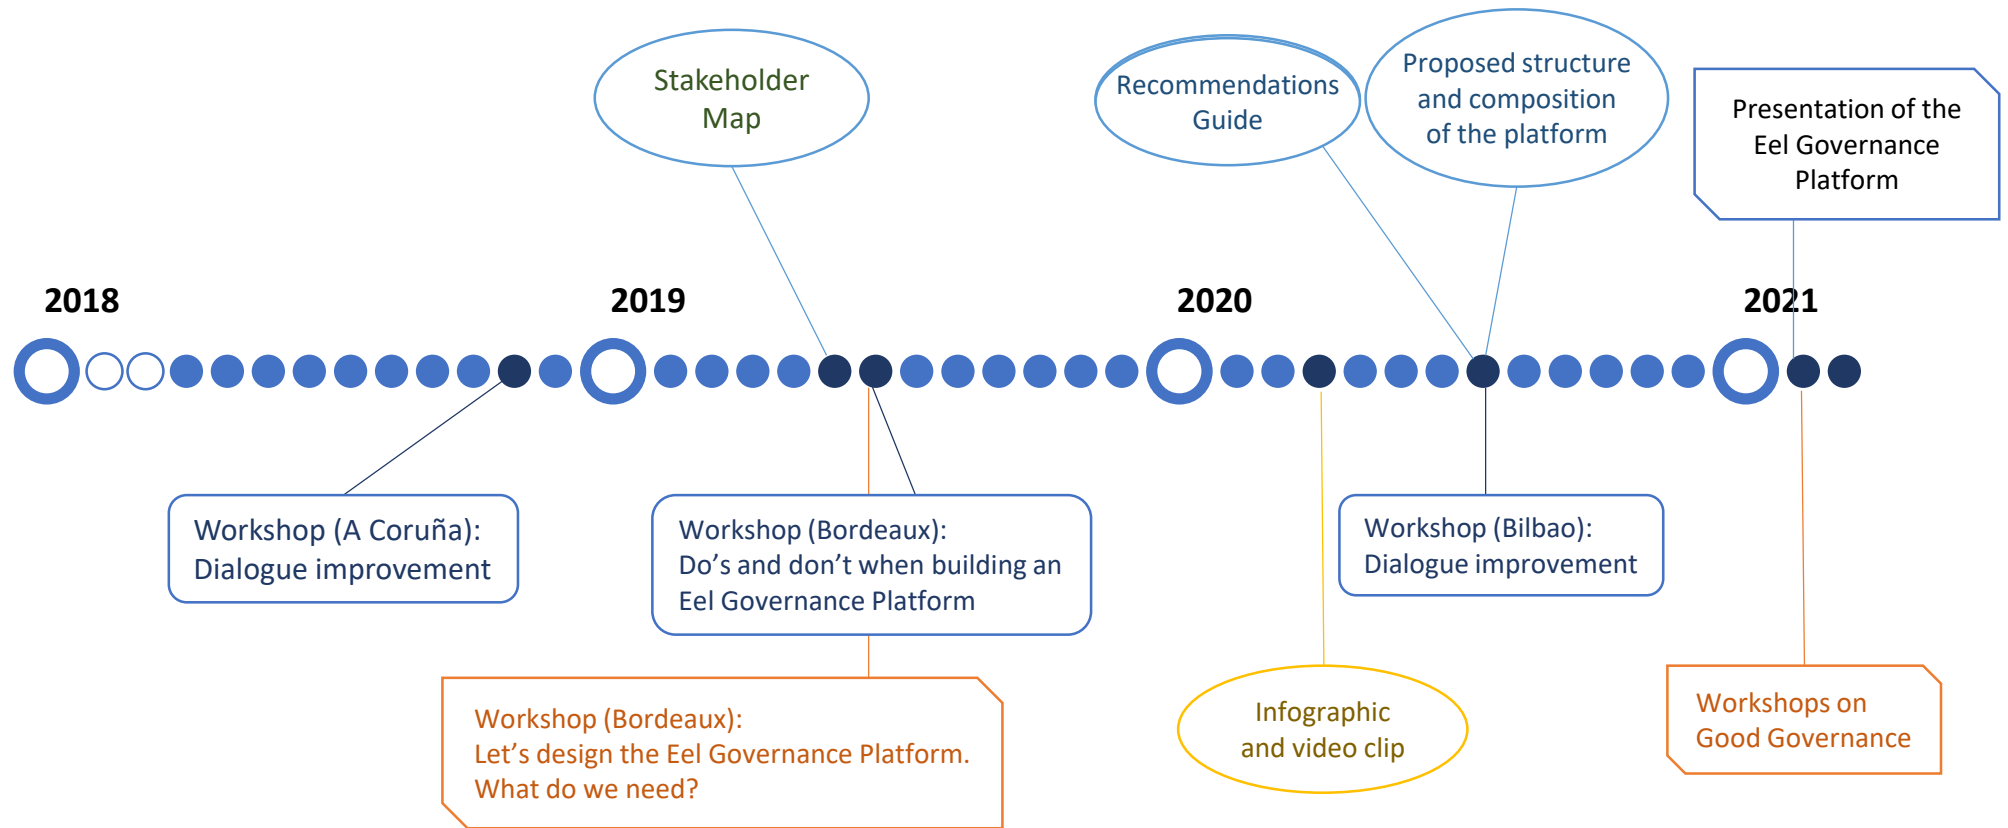

ACTIVITY 8.1: Characterization of actors

ACTIVITY 8.2: Proposal for a future Governance Platform

ACTIVITY 8.3: Impulse in the implementation of the Governance Platform

CHRONOGRAM

NEXT TASKS (next 3 months)

GT7: Intergovernmental and intersectoral dialogue

- Progress in the development of video clips and infographic
- Report on the workshop “Do’s and don’t when building an Eel Governance Platform” (Bordeaux)

GT8: Governance Platform

- Survey about the Governance Platform

Workshop: Let's design the Eel Governance Platform. What do we need?

- WORKSHOP OBJECTIVES
- GOVERNABILITY AND GOVERNANCE
- PRINCIPLES OF GOOD GOVERNANCE
- GOVERNANCE OBJECTIVES
- GOVERNANCE PLATFORM
 - MISSION
 - COMPONENTS
 - QUALITIES
 - QUALITY INDICATORS / SUCCESS INDICATORS
 - STRENGTHENING

Workshop: Let's design the Eel Governance Platform. What do we need?

- **WORKSHOP OBJECTIVES**

- To share a common concept of Governance and the principles that should govern it.
- Approaching a possible structure and content of the Governance Platform for the SUDOANG case.

Workshop: Let's design the Eel Governance Platform. What do we need?

- **Governability:**

- The ability of a government to govern a society.
- Authoritarian vs. Democratic Governability.

- **Governance:**

- Coordination of actors, norms, institutions, scales (multilevel), etc. to produce a public good.
- When the actors (individuals; social organizations) and the private sector establish functional and cooperative relationships with the State to promote sustainable development in the territories (public good).
- Architecture of the System that allows society and the State to move forward together
 - Requires participation.
 - Democratize the relationship between Government and Society.
 - It is the way to do and to conceive the politics of the present and future.

Workshop: Let's design the Eel Governance Platform. What do we need?

- Good Governance Principles:
 - Participation
 - Inclusiveness
 - Transparency
 - Connectivity
 - Accountability

Workshop: Let's design the Eel Governance Platform. What do we need?

- Governance objective
 - To improve the participation of actors in decision-making processes in order to improve management efficiency.

Workshop: Let's design the Eel Governance Platform. What do we need?

- ¿What is a Governance Platform?
 - Ideally, it can be a space for collaborative participation (formal or informal/digital, analogical or mixed) between actors with different interests and different power, but with a common goal: eel conservation.

Workshop: Let's design the Eel Governance Platform. What do we need?

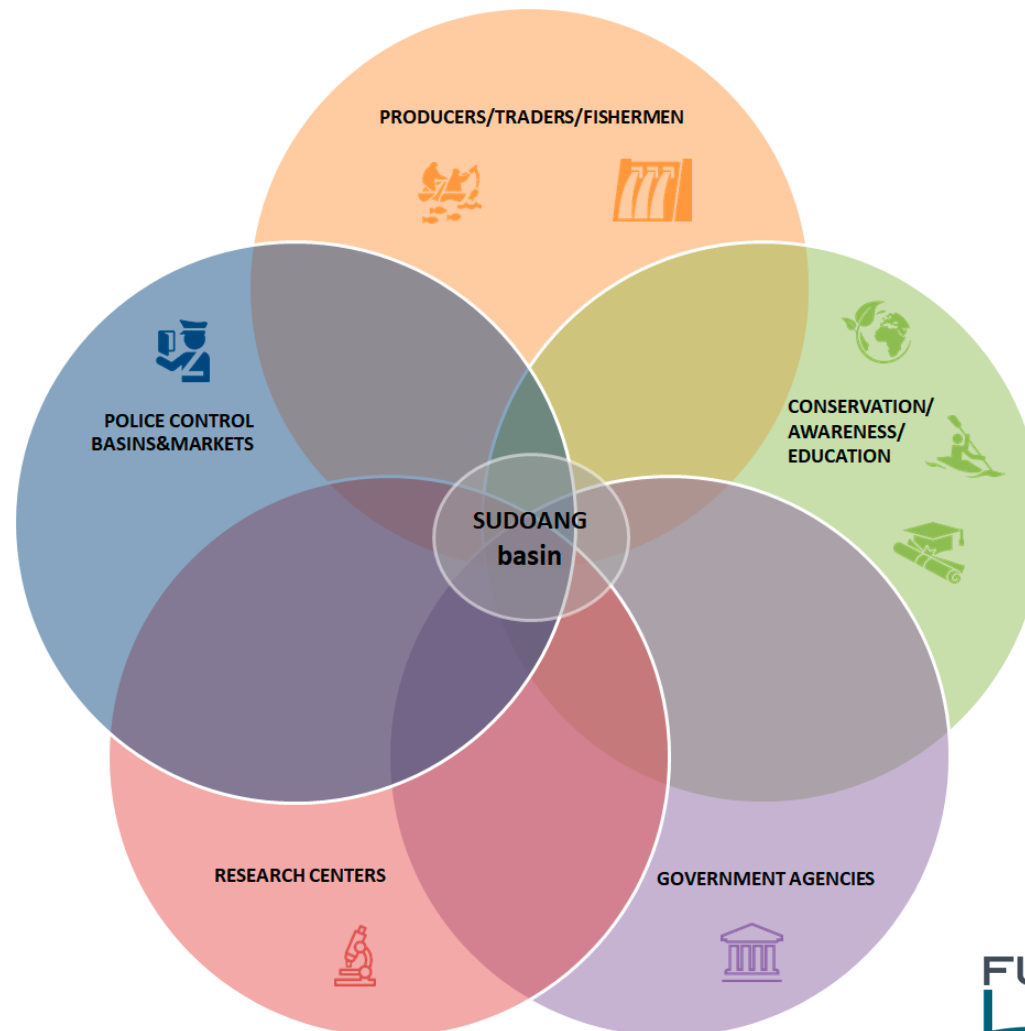

- What is the Mission of a Governance Platform in the SUDOANG Project?
 - Support for the sustainable management of the eel stock in the three countries SUDOANG

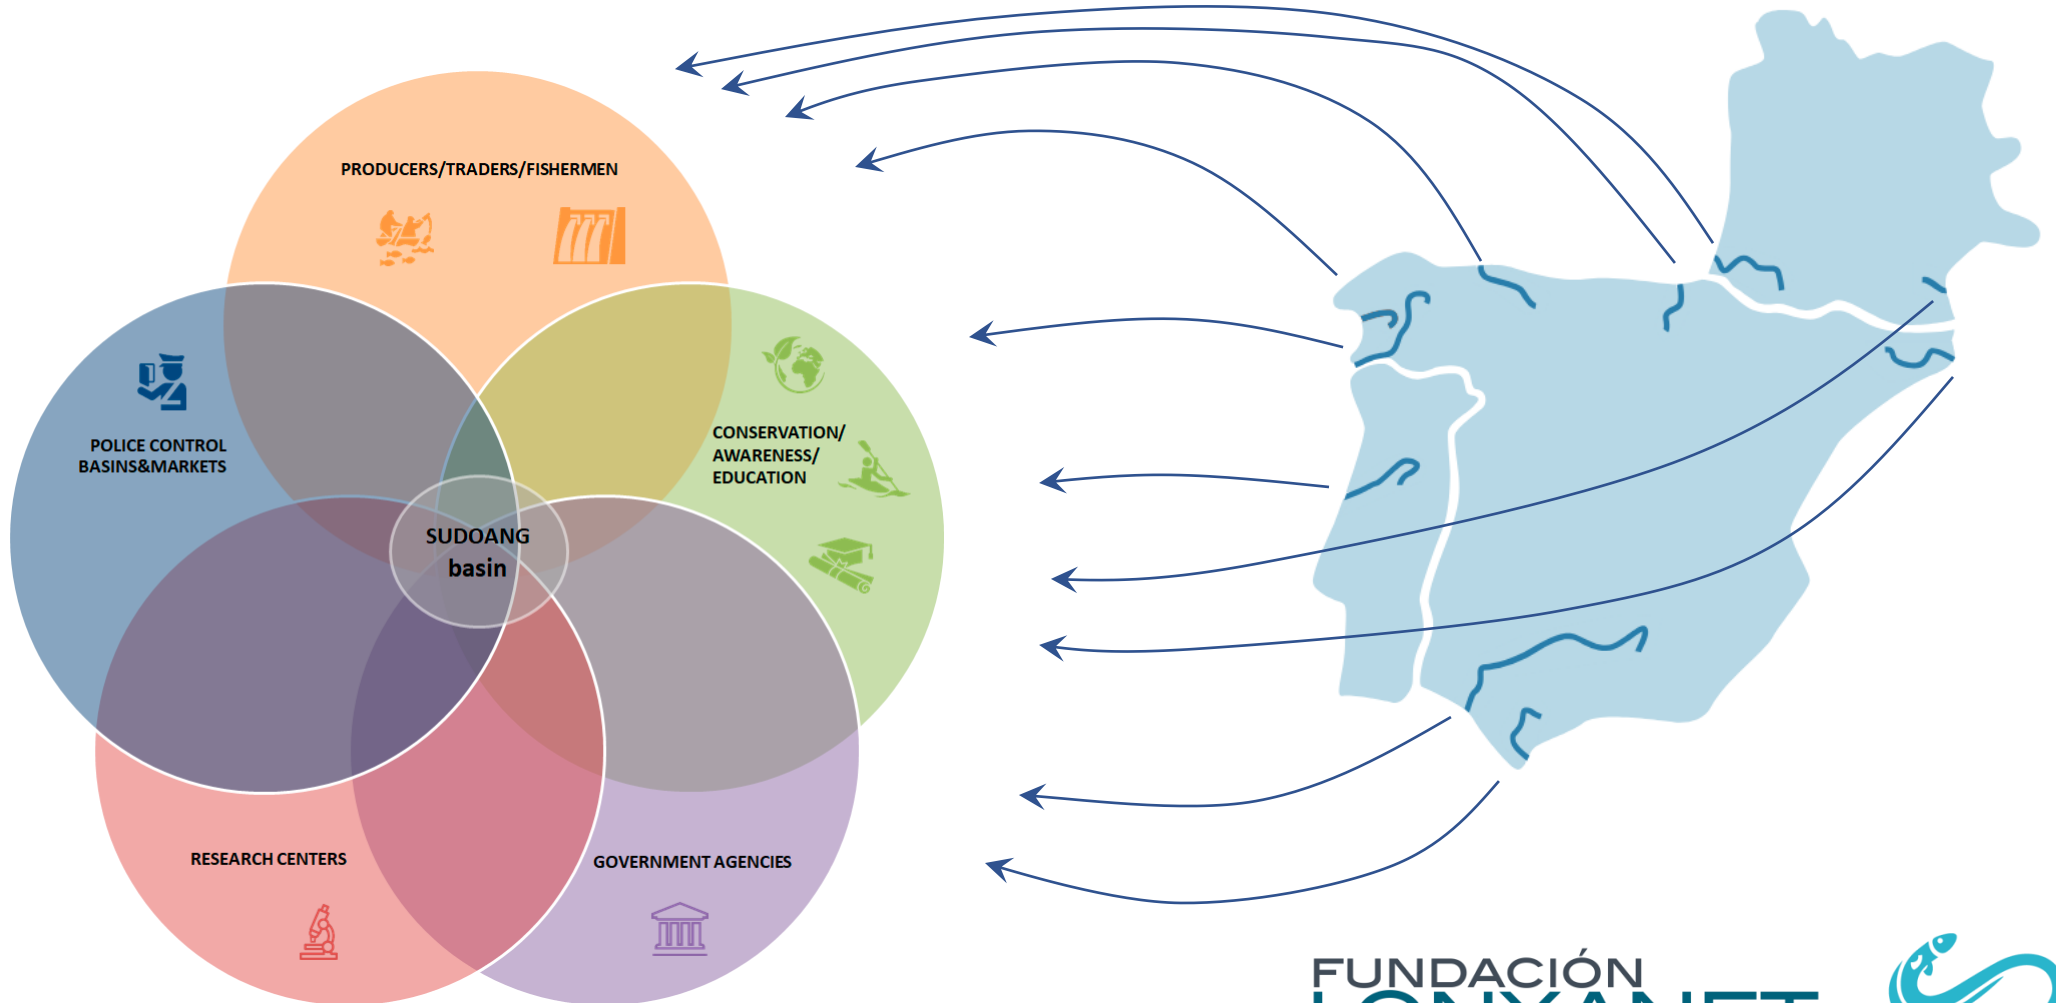

Workshop: Let's design the Eel Governance Platform. What do we need?

- Main Components of the Governance Platform
 - The architecture of the platform (multi-level): to design how it is structured at local, autonomous/regional, national and international levels.
 - The actors
 - Multilevel information flow and communication channels (some bi-directional)
 - Etc.

Workshop: Let's design the Eel Governance Platform. What do we need?

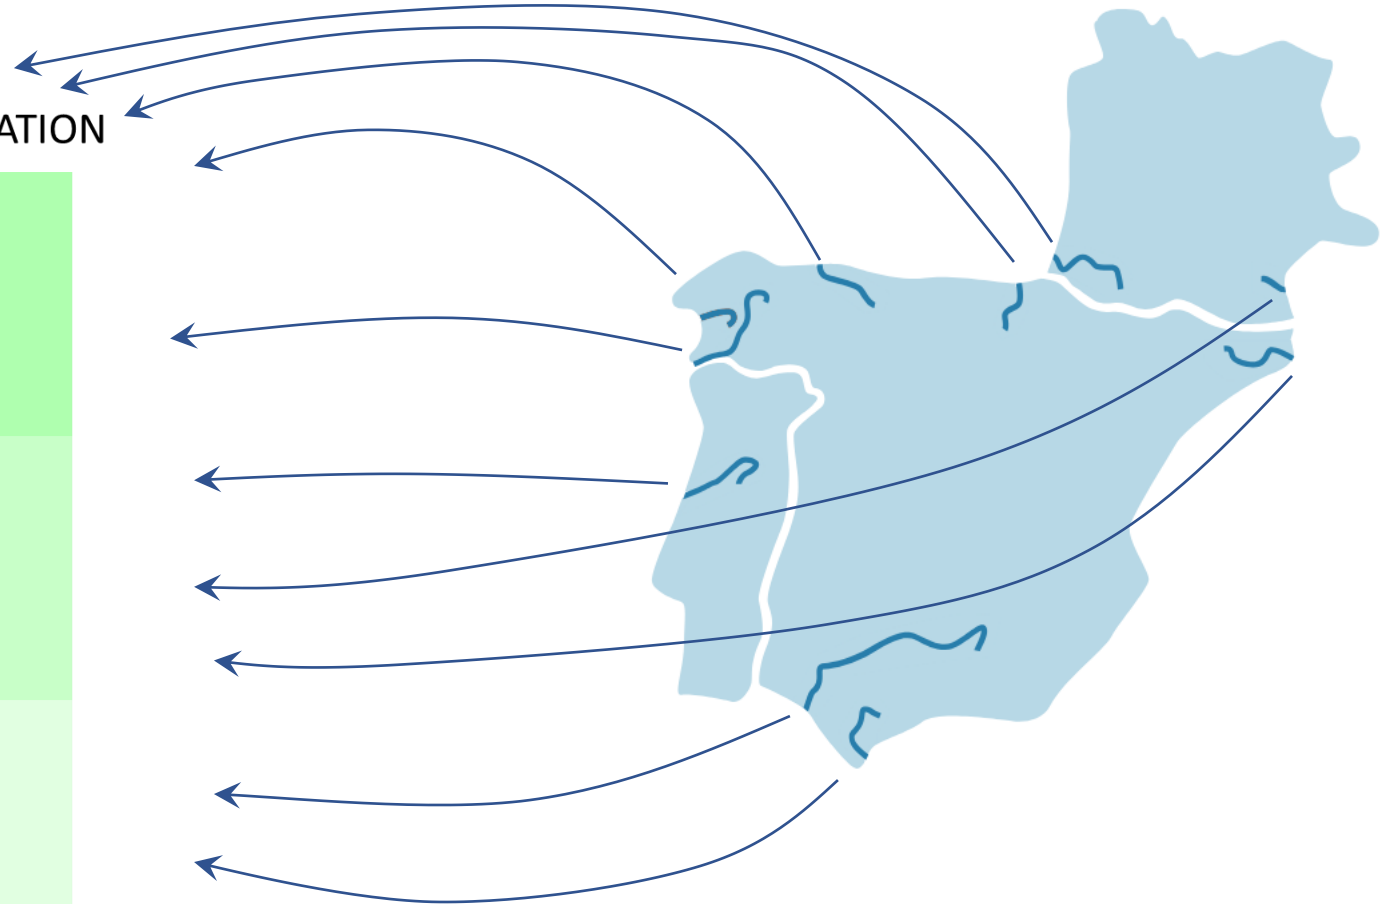

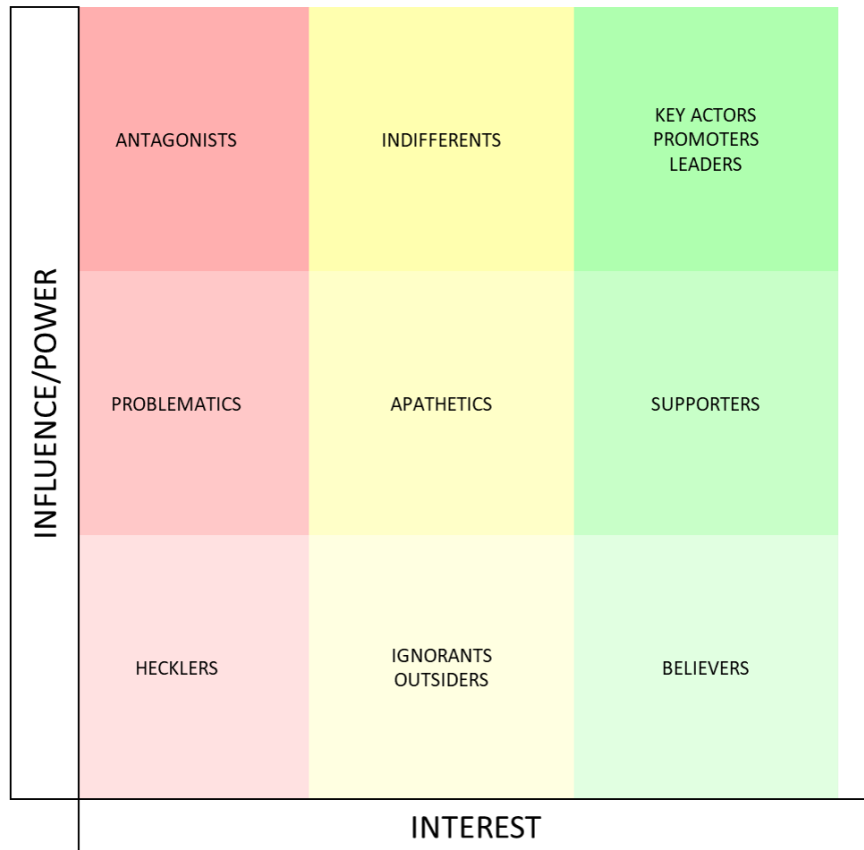

Workshop: Let's design the Eel Governance Platform. What do we need?

Workshop: Let's design the Eel Governance Platform. What do we need?

STAKEHOLDER MAP ANALYSIS - IDENTIFICATION

Workshop: Let's design the Eel Governance Platform. What do we need?

- Qualities of a Governance Platform
 - Agile
 - Flexible
 - Adaptive
 - Effective
 - Etc.

Workshop: Let's design the Eel Governance Platform. What do we need?

- Quality Indicators and Success Indicators of a Governance Platform
 - Creating Indicators
 - Identify monitoring and evaluation tools

Workshop: Let's design the Eel Governance Platform. What do we need?

- How to strengthen the Governance Platform once the project is completed?
 - Formalize it?
